# STAIRLUX

- This LED fixture is designed especially for staircase (stair edge mounting) illumination for railway applications
- Its design is based on extruded AL profile and polycarbonate diffuser
- The LED driver is integrated in ALU profile. No external electronics is needed

- Tieto LED svietidlá boli špeciálne navrhnuté pre osvetlenie hrany stupňov schodov pre aplikácie v železničných dopravných prostriedkoch
- Teleso svietidla je z hliníkového profilu, difúzer je polykarbonátový
- Elektronický redradník je integrovaný v telese svietidla

## STANDARD ACCESSORIES / ŠTANDARDNÁ VÝBAVA

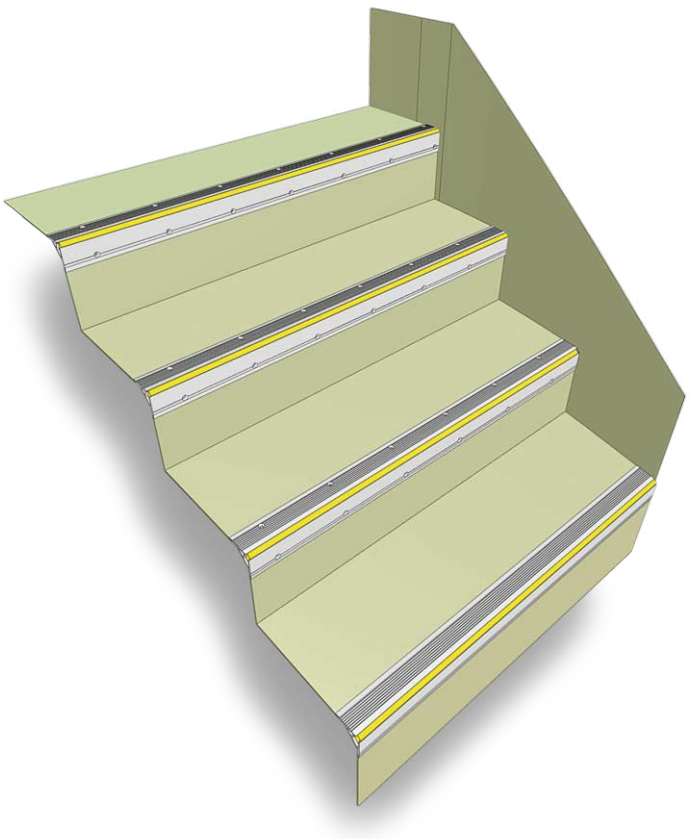

- LED Light Source
- LED Binning ≤ 3 MacAdam Steps
- Anodised AL profile base
- Polycarbonate diffuser
- Halogen-free wiring Betatrans 3GKW
- WAGO connector

- LED svetelný zdroj
- LED Binning ≤ 3 MacAdam Steps
- Teleso svietidla vyrobené z eloxovaného hliníka
- Polykarbonátový difúzor
- Halogénovo bezpečné vodiče Betatrans 3GKW
- WAGO konektor

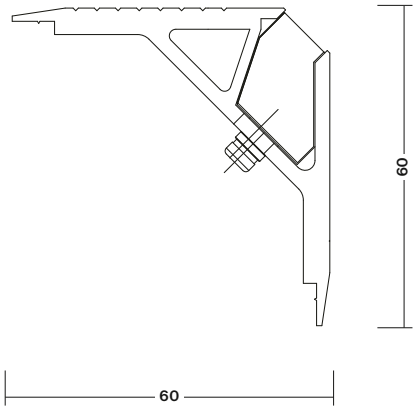

## OPTIONS / PRÍPLATKY

- Alternative fixation
- Alternative electrical interface
- Alternative colour surface treatment
- Alternative customised dimmensions
- Alternative LED light colour

- Alternatívne uchytenie do podlahy
- Alternatívny konektor / elektrický interface
- Alternatívna farba svetla pre LED
- Alternatívna farba povrchu
- Alternatívne rozmery
